*I would just like to say a huge thank you to you and your people for a fantastic time last weekend. I thoroughly enjoyed every part of the day. It was well organised, planned, interesting and a lot of fun and I have some very interesting bruises! My hand is much better now too. Got some great photos and I think some of the blokes at work were a wee bit jealous!*

*Please thank the catering staff, they did a great job.*

*Thanks again,*

*Karen*
