

+

I just wanted to let you know how grateful we are for such a great day yesterday (Saturday, 3 children). It was much more than we expected, we particularly appreciated your enthusiasm and all the time spent answering the kid's questions and showing them anything they wanted to see. Of course my wife and I enjoyed the unexpected bonus of getting to drive the 432 too!

I will also copy you on the email that I am sending inside the company where I work, recommending your venue. If we can afford it I am sure we will be back.

Regards

Robert Jarratt
